SUFFERING IN MEXICO WORSE UNDER CARRANZA

FOR WORLD TRADE People Starving and Disease Ridden-Prices Higher, Wages Lower-Aid of American Red Cross Refused by First Chief.

Central railroads, which was announced motives for the revolution against the ful check on every street in the city was senescent Diaz, but this at least was the made and less than 200 were found to be at work.

which were bought yesterday completed to the tribute of thirteen which have been secured by Mr. Morse and his associates at a cost of more than \$3,000,000. One of the vessels is the Zealandia, which was nearly the cause of complications the complete of the cost of the total. The others gave evidence by their inactivity that they did not care who won. Huerta appeared, and again the "good

popular enthusiasm for anything he pro-posed, save perhaps added insults to foreigners. And Villa came, and Za-pata, and Carranza, each proclaiming his devotion to the common good and the rights of the people and the punishment of the inhumanity of the rich, And with every change of government there was just a little movement on the

Suffering Worse Now.

The suffering since Carranza loomed up as the first chief has undeniably been greater than it was before. The destruction of property has been greater, the shrinkage of money has been greater, the cutting down of industry has been greater, and starvation has been worse A year ago last summer day labor was getting a peso a day. The peso

The Eric had to sell the boats because of the rule of the Interstate Commerce of the rule of the Interstate Commerce Commission divorcing the great lakes seamship companies from the railroads ewifing them. They were cut into sections to get, through the Welland Canal and are now in this port being made ready for service.

The vessels sold yesterday are the Huron of 1.945 tons, built in 1898; the St. Paul and the Minneapolis, both of 2,029 tons, gross and built in 1897, and the tons gross and built in 1897, and the tons gross and built in 1897, and the tons gross and carpenters about the same, and children are common in children are common children are common in children are common children are common ch Ruron of 1.945 tons, built in 1898; the St.
Paul and the Minneapolis, both of 2.029
tons gross and built in 1897, and the
William Castle Rhodes of 2.176 tons
gross and built in 1990.

The four vessels sold to the Morse
syndicate are now at Buffalo and will
be brought to the Atlantic seaboard as
second of the Morse and the seaboard as and is not particularly good.

About the same, and clerks and books keepers to salaries only slightly higher.
For the man with a wife and a few children—and children are common in Mexico—the prospect of high living on
4 to 12 cents gold a day, with food prices higher than ever before, was not and is not particularly good.

Bother me." He added that care much for his job, as it consoners and he did not know the people he was burying.

Into other suburbs we drew whether the starvation period prices higher than ever before, was not and is not particularly good.

Corn Crop Some Help.

The fourth article by Mark S. Watson, figuring, on the 625,000 population of investigator of The Sun and the Chicago the district there was a yearly death revolve, on conditions in Mexico for rate of about 17 per 100, more than ten lows. The writer continues to reveal times the rate of a healthful American

Is only possible an estimate of how much corn there is.

Carefully compiled statistics show that about 55,000,000 bushels were grown in 1915, or less than half the normal crop of some 130,000,000 bushels. In other words, it is difficult to see how the supply can come anywhere near lasting through the non-growing period, and work there has continued fairly high. In the El Oro district work has been almost totally abandoned. Between these two extremes a limporting nation—or starvation must be far worse next yea; than in the season past. Also, the United States is not giving corn away.

The street traffic committee of the lated of Mexico in the street traffic committee of the lated of Mexico it is necessary to have a fact of El Oro explained there was a limporting nation—or starvation must be far worse next yea; than in the season past. Also, the United States is not giving corn away.

To understand the misery which is ahead of Mexico it is necessary to have a fact of El Oro explained there was the population amounted to only 200. This camp formerly held 20,000.

But starvation throughout these sections.

ASKS INQUIRY INTO PORK BARREL LOBBY

Frear Charges That Steerers in Washington Force Wasting of Millions.

RAILROADS ACCUSED TOO

WASHINGTON, Jan. 10 .- A charge that

the National River and Harbor Congress and like bodies have sought to bring improper influence to bear on Congress for appropriations for the improvement of waterways is made in a resolution offered in the House to-day by Representative Frear, Republican, of Wisconsin. The resolution directs the Committee on Judiciary to inquire into the operations of the River and Harbor Congress, the Atlantic and Gulf Coast Dredge Owners Association and the Mississippi River Leves Association.
It is charged by inference that rail-ways have attempted to prevent waterway improvement legislation. The resolution directs the Judiciary Committee to bring before it "all witnesses who have or assume to have any information regarding the connection of any railway company directly or indirectly with the opposition to the passage of river and harbor bills."

The River and Harbor Congress is de scribed as "a lobby that is alleged to improperly urge the passage of extrava-gant waterway bills by instituting backires in the various States against memopposed to the du Pont Powder Company and To

The committee is instructed to investigate the activities of the "Missouri River lobby" that "is said to have an active interest in securing appropriations for reclamation at Government expense of 500,000 acres of private land along the Missouri River valued, actained to the control of the control along the Missouri River valued, ac-cording to official records, at \$60,- up at the Upper Hagieys plan

Mr. Frear introduced his resolution in a speech in which he attacked the "pork barrel" method of making river

"pork barrel" method of making river and harbor appropriations.

"The country has no waterway policy," said Mr. Frear. "Appropriations are obtained through a political pork barrel steered by a powerful lobby now actively at work in Washington, a lobby that causes us to waste many millions to Carney's Point to take the country long to the pight shift of the glassian country in the night shift of the glassian country in the country i that causes us to waste many millions of public funds annually on useless projects or private projects, some of which are not even distantly related to commerce or navigation. Many waterway lobbles are on the ground urging their respective schemes, and the lobby with respective schemes, and the lobby with the men declined to go aboard hundred men later quit work respective schemes, and the lobby with projects.
